DETAILED ACTION

The amendment filed on 7/26/2005 has been entered. Claims 1-3, 11-15 and 17-20 have been canceled. Claims 4-10 and 16 remain for examination.

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because FORMAL DRAWINGS have not been filed previously. Applicant is respectfully advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

Claims 4-10 and 16 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: As previously stated, the prior art disclose various combined barcode scanning, printing and applying systems. However, the prior art fails to disclose a hybrid barcode scanner and package/carton sealer system having a hand-held housing, a frame, a wireless scanning/imaging device, a carton sealer, and having the functions and characteristics as recited in claims 4-10 and 16.
